## MAJOR PROJECTS

---

### Stop Before Zero - Mobile & Web Gaming App

**Tech stack:** React.js, JavaScript, and CSS

Created a timer game where users stop the timer close to a target time.

### News Monkey Web App

**Tech stack:** React Js

A news website that fetches and displays latest news headlines by integrating live news APIs.

### Drag & Drop Notes Web App

**Tech stack:** React, Tailwind CSS, and TypeScript

Created sticky notes web app, enabling users to add and move notes through drag-and-drop interactions.

### Investment Calculator App, React.js, JavaScript, and CSS

Built a responsive investment calculator that computes real-time compound returns and displays year-wise investment insights.
